Name: eHealth

Reference 3 - 0.90% Coverage

¶69: **EU-10:**
¶70: We talk about the attractiveness of the health app.

<Files\\EU- 11> - § 3 references coded [4.26% Coverage]

Reference 1 - 1.63% Coverage

¶40: **EU-11:**
¶41: I'm the CEO of a company that owns an eHealth app named 'Meditor'.

Reference 3 - 1.23% Coverage

¶86: **EU-11:**
¶87: Currently in Bangladesh, people use dozens of health apps and in terms of our startups, our apps, our friends and family, we frequently get feedback from them, how they're using our app, how they're feeling about our app.

<Files\\EU- 12> - § 2 references coded [5.91% Coverage]

Reference 1 - 3.59% Coverage

Reference 2 - 2.32% Coverage

¶59: I think we have to seek, very specific how the health apps collect and process multiple health information, for example calorie from diet, or heart related disease, or one person who has diabetes.

<Files\\EU- 13> - § 2 references coded [6.69% Coverage]

Reference 1 - 4.98% Coverage

Reference 2 - 1.71% Coverage

<Files\\EU-1> - § 3 references coded [5.64% Coverage]

Reference 1 - 3.16% Coverage

Reference 2 - 0.71% Coverage

¶44: In our country (Bangladesh), eHealth application is not widely used.

Reference 3 - 1.77% Coverage

¶68: For example, if all the health app collect the registration information same way, I mean identical way, then it will be very helpful for the user, no one will do mistake.

<Files\\EU-2> - § 2 references coded [3.00% Coverage]

<Files\\EU-5> - § 3 references coded [6.92% Coverage]

Reference 1 - 4.40% Coverage

Reference 2 - 1.00% Coverage

¶45: Then, I found socioeconomic status as major issue for the health app.

Reference 3 - 1.51% Coverage

<Files\\EU-6> - § 3 references coded [11.83% Coverage]

Reference 1 - 4.98% Coverage

Reference 2 - 5.14% Coverage

¶39: I don't know what issue you can consider this one, may a user addition or may be a mental challenge, I mean, I feel like I miss the updated news from my friend from news agencies etc. For the health app that I use I don't fell like this may be due the interface they have or by somehow these are less interesting.

Reference 3 - 1.71% Coverage

<Files\\EU-7> - § 2 references coded [4.43% Coverage]

Reference 1 - 3.30% Coverage

Reference 2 - 1.13% Coverage

Reference 3 - 2.44% Coverage

¶66: **EU-8:**
¶67: yeah, sometimes, I feel that normally my mum and dad don't like to use health apps, because it's somewhat difficult for them to handle, there are a lot of things in the app for them to manage in the app.

<Files\\EU-9> - § 2 references coded [5.94% Coverage]

Reference 1 - 4.60% Coverage

Reference 2 - 1.34% Coverage

¶57: This is always a problem with not only health app but also for the all the app that use.
