

## eHealth App Developer Interviews

Name	Description	Files	References
age		12	29
age group		2	2
age people		2	2
age range		1	1
different ages		1	1
diverse age		1	1
end users age		2	3
end-user age		12	12
mid age		1	1
spatial age group		1	1
ui age centric		1	1
user age		3	4
app		12	127
android app		2	2

Name	Description	Files	References
app android app		1	1
app coding		1	1
app crashes		1	1
app dashboard		1	1
app designs		2	2
app development industry		1	1
app effectiveness		1	1
app features		1	1
app interface		1	1
app interface design		1	1
app language		1	1
app modeling		1	1
app name		1	1
app screen		1	1
app testing		3	3

Name	Description	Files	References
app track		2	2
app work		1	1
bioscope app		1	1
bkash app		1	1
ehealth app development project		12	27
e-health app development project		1	1
existing app		1	1
existing app look		1	1
fresh app environment		1	1
hailing app		1	1
health tracking app		1	1
heavy data centric app		1	1
insurance app		1	1
local app		1	1
location centric app		1	1

Name	Description	Files	References
looking app		1	1
mobile app development		1	3
mobile app development approaches		1	1
mobile app development project		11	32
mobile app development teams		9	19
mobile health app		1	1
particular app		1	1
personal assistant app		1	2
popular app		1	1
renting app		1	1
